# Cabaret of Love

## PRESS RELEASE

 Coming on the heels of the success of last year's album, *"The Joy Of Pop"*, Dana Countryman has done it again with his newest album *"Cabaret of Love"*!

Long-time on-air talent, and host of *Pure Pop Radio*, **Alan Haber** says: "With the release of *'Cabaret of Love'*, Dana Countryman is operating at the peak of his powers, writing and performing a delightful song cycle that touches the heart and soul. His joy is infectious. *'Cabaret of Love'* is a glorious gift for music lovers everywhere."

Hawaii's KMNO disc jockey, and host of radio's "The Time Machine", **Michael McCartney** says "New songs of Dana's, like 'Just See If I Care' from this album have that sound of a long-lost track from bands like The Knickerbockers, from back in the mid-60's. In fact, the early 60's sound can be heard on tracks like "She Doesn't Know", while a song like "If I Had A Girl" has that Sunshine Pop sound of the late 60's. So, if you like 60's pop, you'll love this record. Dana Countryman has always released exquisite albums, and *'Cabaret Of Love'* continues his winning streak of writing and recording elegant pop music that also has the ability to rock your socks off!"

Other comments about *"Cabaret of Love"* include:

"*'Cabaret of Love'*, Dana Countryman's fifth album of vocal retro pop, is an infectious blend of joy, love and fun. Enlisting the talents of **Terry Draper** and **Dee Long** (Klaatu), **Jamie Hoover** (The Spongetones), **Probyn Gregory** (The Brian Wilson Band), **Scott McPherson**, **Kai Danzberg**, **Tricia Countryman** and **Tim Smolens**, Countryman has put together his best release to date."

- **Adam Waltemire**, *Pop Garden Radio*

"The songwriting, and especially the melodies are top-shelf!"

- **Probyn Gregory**, *Brian Wilson Band*

"This is one of Dana Countryman's best albums yet, song-wise and packaging-wise. Good songs, good harmonies, and nice chords. He should be very pleased!"

- **Gilbert O'Sullivan**, Grammy Award-winning singer-songwriter

"Dana Countryman is a treasured talent! Pure magic!"

- **Aaron Kupferberg**, *Power Popaholic weblog*

*"Cabaret of Love"* is available as a physical CD from Amazon.com, and as a digital download from Bandcamp, and other worldwide digital outlets.
