

POP3! Dana Countryman

On the heels of Dana Countryman's "*Pop1!*" and "*Pop2!*" albums, here comes "*Pop3! Welcome To My Time Warp!*". Like the previous two albums of Countryman's original retro pop, this new album was created within the space of one year's time.

Going back over the years, Dana Countryman's music has been heard on FOX TELEVISION, THE ARSENIO HALL SHOW, THE DR. DEMENTO SHOW, THE JERRY LEWIS TELETHON, THE ARTS & ENTERTAINMENT NETWORK and others. With various musical groups, he's performed many times in Europe and America. One of his songs was featured on Comedy Central's wacked-out TV series, "*SOUTH PARK*". His previous "*Pop2!*" album was voted by three radio stations as "*One of the best albums of 2014!*" To complete his "retro pop trilogy," here comes "*Pop3!*", featuring 15 new original songs, once again created in lovingly-authentic styles of the AM radio hits of the '60s and '70s.

Goldmine Magazine says, "*DIY pop mensch Dana Countryman's album is a vintage jukebox packed with coulda-been-hits from the '50s to the early '70s. Of course it's retro as all get-out, but that doesn't stop the bulk of it from being highly enjoyable!*"

Musical guests on "*Pop3!*" include members of, or former members of the bands, *Klaatu*, *Big Brother and the Holding Company*, *The Brian Wilson Band*, *Jellyfish*, and *Liar's Club*, to name a few.

Gilbert O'Sullivan, Grammy Award-winning singer-songwriter says: "*Dana's music calls to mind and fully evokes in an enjoyable way, The Beach Boys and The Carpenters, -- musically and harmony-wise, which is no bad comparison!*"

"*This is bright, bouncy sweet pop music that recalls the Top 40 from 40 years ago. If you are a nostalgic sap like me, you'll love it. Highly Recommended!*" - **PowerPopaholic.com**

Jeremy Morris, of JAM Records says: "*This is happy Power Pop! Much comparable to bands like The Beach Boys, The Rubinoos, Ed James, and The Bay City Rollers! Excellent uplifting power pop from the days of true innocence and fun!*"

"*Pop3! Welcome To My Time Warp!*" is available as a physical CD from Amazon.com, and as a digital download from iTunes, and other worldwide digital outlets.
